

NextGen Select Series Month-End and Quarter-End Returns

This PDF package contains:

- The most recent NextGen Month-End returns
- The most recent NextGen Quarter-End returns

Click on a file to view the information.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending March 31, 2024, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective June 30, 2020, an initial sales charge is not applied to any Portfolio. Performance data shown "with sales charge (in the first year after purchase)" reflects a contingent deferred sales charge (CDSC) of 0.25% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

As of June 30, 2020, the MainStay Large Cap Growth Portfolio was renamed the MainStay Winslow Large Cap Growth Portfolio. Please see the latest Program Description for additional details.

NextGen 529® - Client Select Series Portfolio Performance - **A Unit Class - Monthly** (Note: * In the first year after purchase.) 03/31/2024

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) Performance shown "with sales charge (in the first year after purchase)" reflects the current maximum sales charge for the A Unit Class, which is a contingent deferred sales charge (CDSC) of 0.25%. This CDSC is only charged if units are redeemed within one year of purchase. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

NextGen 529 is a registered trademark of the Finance Authority of Maine.

NextGen 529 is a Section 529 plan administered by FAME. Before you invest in NextGen 529, request a NextGen 529 Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in NextGen 529, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in such state's 529 plan. Vestwell State Savings, LLC ("Vestwell") is the program manager, The Bank of New York Mellon is the program custodian, BlackRock Advisors, LLC is the program investment manager, and BlackRock Investments, LLC, Member FINRA, is the program distributor and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending March 31, 2024, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective June 30, 2020, an initial sales charge is not applied to any Portfolio. Performance data shown "with sales charge (in the first year after purchase)" reflects a contingent deferred sales charge (CDSC) of 0.25% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

As of June 30, 2020, the MainStay Large Cap Growth Portfolio was renamed the MainStay Winslow Large Cap Growth Portfolio. Please see the latest Program Description for additional details.

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) Effective June 30, 2020, any C Unit Class Portfolios are automatically converted into A Unit Class Portfolios (not subject to an Initial Sales Charge) after four years from the initial date of purchase.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

NextGen 529 is a registered trademark of the Finance Authority of Maine.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending March 31, 2024, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective June 30, 2020, an initial sales charge is not applied to any Portfolio. Performance data shown "with sales charge (in the first year after purchase)" reflects a contingent deferred sales charge (CDSC) of 0.25% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

As of June 30, 2020, the MainStay Large Cap Growth Portfolio was renamed the MainStay Winslow Large Cap Growth Portfolio. Please see the latest Program Description for additional details.

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(2) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

NextGen 529 is a Section 529 plan administered by FAME. Before you invest in NextGen 529, request a NextGen 529 Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in NextGen 529, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in such state's 529 plan. Vestwell State Savings, LLC ("Vestwell") is the program manager, The Bank of New York Mellon is the program custodian, BlackRock Advisors, LLC is the program investment manager, and BlackRock Investments, LLC, Member FINRA, is the program distributor and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

NextGen 529 is a registered trademark of the Finance Authority of Maine.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending March 31, 2024, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective June 30, 2020, an initial sales charge is not applied to any Portfolio. Performance data shown "with sales charge (in the first year after purchase)" reflects a contingent deferred sales charge (CDSC) of 0.25% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

As of June 30, 2020, the MainStay Large Cap Growth Portfolio was renamed the MainStay Winslow Large Cap Growth Portfolio. Please see the latest Program Description for additional details.

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) Performance shown "with sales charge (in the first year after purchase)" reflects the current maximum sales charge for the A Unit Class, which is a contingent deferred sales charge (CDSC) of 0.25%. This CDSC is only charged if units are redeemed within one year of purchase. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

NextGen 529 is a registered trademark of the Finance Authority of Maine.

NextGen 529 is a Section 529 plan administered by FAME. Before you invest in NextGen 529, request a NextGen 529 Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in NextGen 529, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in such state's 529 plan. Vestwell State Savings, LLC ("Vestwell") is the program manager, The Bank of New York Mellon is the program custodian, BlackRock Advisors, LLC is the program investment manager, and BlackRock Investments, LLC, Member FINRA, is the program distributor and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending March 31, 2024, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective June 30, 2020, an initial sales charge is not applied to any Portfolio. Performance data shown "with sales charge (in the first year after purchase)" reflects a contingent deferred sales charge (CDSC) of 0.25% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

As of June 30, 2020, the MainStay Large Cap Growth Portfolio was renamed the MainStay Winslow Large Cap Growth Portfolio. Please see the latest Program Description for additional details.

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) Effective June 30, 2020, any C Unit Class Portfolios are automatically converted into A Unit Class Portfolios (not subject to an Initial Sales Charge) after four years from the initial date of purchase.

(2) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(3) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

NextGen 529 is a registered trademark of the Finance Authority of Maine.

The performance data shown represents past performance of the Portfolios and is not a guarantee of the future performance of the Portfolios. Current performance may be higher or lower than the performance presented here. The investment return and the value of the investment will fluctuate so that an investor's units, when redeemed, may be worth more or less than their original cost. Please visit www.nextgenforme.com for most recent month-end performance updates. The returns shown reflect total return for the period ending March 31, 2024, after giving effect to the Management, Portfolio Servicing, and Maine Administration Fees, as applicable, as well as fees and expenses of the Underlying Funds. The allocation of the Portfolios is subject to revision at any time by the Finance Authority of Maine (FAME). Investment return will fluctuate with market conditions. Effective June 30, 2020, an initial sales charge is not applied to any Portfolio. Performance data shown "with sales charge (in the first year after purchase)" reflects a contingent deferred sales charge (CDSC) of 0.25% on all Portfolios in the first year after purchase, except in the Principal Plus Portfolio and the NextGen Savings Portfolio. A CDSC does not apply to the NextGen Savings Portfolio or the Principal Plus Portfolio.

As of June 30, 2020, the MainStay Large Cap Growth Portfolio was renamed the MainStay Winslow Large Cap Growth Portfolio. Please see the latest Program Description for additional details.

NextGen 529® - Client Select Series Portfolio Performance - I Unit Class - Quarterly (Note: * In the first year after purchase.) 03/31/2024

Investors may obtain performance data current to the most recent month-end and quarter-end by accessing www.nextgenforme.com.

(1) The return of the NextGen Savings Portfolio is based on the interest rate paid by Bank of America, N.A. (the "Bank") on the deposits of the NextGen Savings Portfolio, which will vary over time at the Bank's discretion without notice. The Program Manager and FAME do not currently charge any fees for the NextGen Savings Portfolio, but reserve the right to do so in the future. Any such fees would reduce the return shown for the NextGen Savings Portfolio.

(2) Although the Principal Plus Portfolio is currently invested entirely in the New York Life guaranteed interest account (GIA), the Principal Plus Portfolio's investments have changed over time. At various times since its inception, the Principal Plus Portfolio has been invested in a guaranteed investment contract (GIC), the Cash Allocation Account, and the Bank Deposit Account. The historical performance of the Principal Plus Portfolio has been affected by each of these investments. Please see the Program Description and any supplements for more information. The Program Manager provides administrative services with respect to the Principal Plus Portfolio and performs credit analyses on the issuers of GICs and GIAs. New York Life has issued the GIA and guarantees principal allocated to the GIA, accumulated interest and its future interest rates. New York Life's commitment to the GIA is based solely on its ability to pay its obligation from its general account. The commitment to the GIA is not secured by any collateral.

Total returns shown reflect any waiver or reimbursement of part of any Underlying Fund's expenses during the periods shown, without which returns shown would have been lower.

* Since inception returns for periods of less than one year are not annualized. Please note that there are limitations when viewing short-term performance results in portfolios with less than one year of performance. This short-term performance may not be achieved over longer time periods. The gross expense ratio for a Portfolio with less than one year of performance is based on estimated amounts for the Portfolio's current fiscal year.

NextGen 529 is a Section 529 plan administered by FAME. Before you invest in NextGen 529, request a NextGen 529 Program Description from your financial advisor or call toll free (888) 264-9077 and read it carefully. The Program Description contains more complete information, including investment objectives, charges, expenses and risks of investing in NextGen 529, which you should carefully consider before investing. You also should consider whether your home state or your designated beneficiary's home state offers any state tax or other state benefits such as financial aid, scholarship funds, and protection from creditors that are only available for investments in such state's 529 plan. Vestwell State Savings, LLC ("Vestwell") is the program manager, The Bank of New York Mellon is the program custodian, BlackRock Advisors, LLC is the program investment manager, and BlackRock Investments, LLC, Member FINRA, is the program distributor and underwriter.

General investment risks and specific risks of investing in plan portfolios can include, but are not limited to, risks of convertible securities; sector or industry focus; credit; derivative securities; foreign securities, including currency exchange rates, political and economic developments, trading practices, availability of information, limited markets and heightened risk in emerging markets; growth or value style investing; interest rate; lower-rated and unrated securities; mortgage securities and asset-backed securities; restructuring and distressed companies; securities lending; smaller and midsize companies; and stocks. Program accounts are not bank deposits, are not insured by the Federal Deposit Insurance Corporation or the National Credit Union Administration, are not debt or obligations of, or guaranteed by, any bank or other financial institution.

NextGen 529 is a registered trademark of the Finance Authority of Maine.
